AUGUST ADVENTURES

As summer winds down, August is all about soaking up the last rays of fun! Campers are making the most of every moment—splashing in the pool, shooting hoops, climbing the jungle gym, and getting their game on with shuffleboard and field favorites. The fun doesn't stop there as we welcome entertaining programs on campus as well, including a waterslide! We're also heading out on a few final off-campus trips, so don't forget: Permission slips are a must! It's been an unforgettable season of laughter, learning, and lifelong friendships. While we're sad to see it end, we're celebrating all the memories made and looking forward to one last amazing month together at camp!
